Cooperative efforts between The University of Kansas as well as the technical expertise of Akcia Incorporated created *The GME System* that addresses common problems faced by GME Offices throughout the nation.

**Effectively and Collaboratively Manage GME.**

**Duty Hours Tracking**

Automated reporting via E-mail to appropriate program personnel  
Track by specific activity or location and include moonlighting hours

**Reimbursement Reporting**

Create IRIS *IRISASGN* and *IRISMAST* files directly from system  
Eliminates "dual reporting" of time across institutions  
Accommodates complex multi-provider environments

**Evaluations**

Retain evaluator anonymity  
Correlate results and measure COMPETENCIES  
Facilitate 360 degree reviews

**Scheduling**

Schedules post to the Internet  
User friendly interface

**Resident Management**

Electronically maintain demographic information  
E-mail notification for proactive management of CREDENTIALS  
Security features to allow read-only access to certain users

**Clinical Activity Tracking**

Entry from a HANDHELD device  
Procedures cataloged using CPT codes
